

Technology should
Empower Everyone

COMPANY OVERVIEW

GetADAAccessible.com is a division of Imagination Base LLC, which is located in Clarksville, IN. As a provider of digital strategies, website development, digital marketing and website accessibility for over 12 years, our team has the experience required to facilitate digital accessibility, website development and digital marketing projects.

We have successfully helped many companies grow their businesses by creating their website, marketing and SEO strategies. Our focus is on creating technology that serves everyone including those with disabilities. Our main focus is website and digital accessibility for businesses utilizing the guidelines as set out in the 508 Accessibility Standards and ADA following WCAG 2.1 guidelines.

TECHNICAL CAPABILITIES

Website auditing, website remediation and development are all within our scope of services. To meet the WCAG guidelines for accessibility, our company's process for auditing and website remediation uses:

- ◆ JAWS screen reader to test websites.
- ◆ All website deficiencies are organized in an easy to use audit report.
- ◆ Remediations of the deficiencies are completed by either our team or yours.
- ◆ VPAT and Accessibility Statement are written.

PAST PERFORMANCE

ACCESSIBLE WEBSITE DEV - FTCSC.org

We developed an accessible website for the corporation and all schools as well as developed school logos.

WEBSITE AUDIT and VPAT

DIFFERENTIATORS

When you work with Get ADA Accessible, you are working with a team dedicated to providing excellence for all digital and accessibility projects.

Our team is composed of certified accessibility testers, a dedicated project manager (PMP) and qualified website developers.

Being hearing impaired, our company president knows first hand how frustrating it can be for those with disabilities. It is our mission to help make the Internet accessible for everyone, one website at a time.
